MEDIC CHURCH HEALTH SYSTEM

SECTION 1

System 1: Diagnosing the Disease

Topic: Analysis of the 21st Century Church.

A tipping point occurred at the millennial shift, which altered the relationship between American culture and the church, forever changing how the two will relate to each other.

System 2: Health Care is Optional

Topic: 15 Activities of a Healthy Church.

Church health is the key to church growth. All living things grow if they're healthy. Since the Church is a living organism, it's natural for it to grow if it's healthy.

SECTION 2

System 3: The Crippling Effect of Identity Theft

Topic: Rediscovering Your Distinctiveness.

Your personal identity is proof of God's creative genius! His ultimate gift given to every person on the planet is that of unique relevance. God made you on purpose for a purpose.

System 4: Inside Out

Topic: Introduction to the 3 Platform System.

The modern emphasis of the church in obeying the Great Commission has been to "go." Go is one of the most powerful little words in the world. It's movement. It's action. It's adventure.

System 5: Change Your Quarterback

Topic: Positioning and Placement.

Championship teams are the ones who win at the job of recruiting and position placement. Healthy churches succeed in getting the right people in the right place.

System 6: Make Your Move

Topic: The Equipping Model Transition.

Leadership can no longer be about pastoral domination. Leaders who use the pastor-centric model are their own worst enemy and leave out the gifting of others.

System 7: No Mulligan Allowed

Topic: The Power of First Impressions.

Seven minutes is all you get to make a positive first impression. In the first seven minutes guests will know whether they'll be back.

System 8: This is My City!

Topic: Community and Culture.

Knowing the community is critical to the church that intends to reach the harvest. A demographic study provides needed insight and direction for strategic planning.

SECTION 3

System 9: Going Little to Get Large

Topic: Small Groups Revolutionized.

Jesus had a team He "did life" with. He developed meaningful relationships with them and provided spiritual guidance along the way.

System 10: Rediscovering the Benefits of Training Wheels

Topic: Discipleship & Training.

Most leaders want to serve well and would benefit from biblical and strategic training in the unique context of church ministry and biblical development.

SECTION 4

System 11: Reach!

Topic: Bridging Events that Work.

It will be impossible for the church to revive itself and make a difference in this world if it doesn't obey the Great Commission.

System 12: At Your Service

Topic: Serving the Harvest.

Evangelism starts at home but should have a global scope. Send the gospel light by helping people in your community and by ministering to their various needs.
